David J. (Dave) Osiecki is the President & CEO of Scopelitis Transportation Consulting (STC), a wholly-owned subsidiary of the Scopelitis law firm. Mr. Osiecki personally develops and delivers the safety, technology, regulatory and compliance-related consulting, training and advisory service offerings of STC.

He began his transportation career in 1986 as a motor carrier safety auditor for the Federal Highway Administration.\*\* He spent several years building his motor carrier and regulatory expertise in program, policy and regulatory development positions for FHWA in Washington, DC. He left federal service in 1995 and spent 20 years at the American Trucking Associations in Washington working on behalf of the trucking industry in safety, policy, regulatory and advocacy-related positions. Mr. Osiecki was also involved in numerous industry organizations, including serving on the boards of the Professional Truck Driver Institute and the Commercial Vehicle Training Foundation.

Mr. Osiecki rose to Executive Vice President for ATA, and represented the trucking industry before federal agencies, the U.S. Congress and in the national media, including appearances on national network news programs.

As President & CEO of Scopelitis Transportation Consulting, Mr. Osiecki is a regular speaker and commentator before transportation and motor carrier industry groups.

Dave is married with two grown children who are mostly off of mom and dad's payroll...

*\*\* FHWA's Office of Motor Carriers was the predecessor agency of the Federal Motor Carrier Safety Administration, which was established by Congress in the year 2000.*
